Pfeiffer A4 Laminator uLam 1.0 White

PFML142W

The problem with laminating is that once you start, you can't stop. You become a "laminator" and all of a sudden everything you see needs to be protected or made more shiny. uLam 1.0 laminates up to A4 documents or photos and so it's the perfect way to start laminating.

Use with Pfeiffer 75 or 80 mic laminating pouches and watch how your favourite photos, certificates or business cards sparkle when laminated. Our uLam 1.0 Pfeiffer PLUS includes a Free Starter Kit of Lamination Pouches and a Free portable Pfeiffer Multi-Cable Charger.
